Here's a hot item. Entries that we need to look at are in the following order:

- Chevron Questa [NPDES permit issue]
- Abandoned Uranium Waste sites [we need to write this for all 97 abandoned mines, not just the 54 Tronox settlement sites, we should add San Mateo discussion]
- Jackpile
- Vertac
- Brownfields
- Donna Canal
- San Jacinto

All —

Deputy Administrator Wheeler will report on Monday, April 23. HQ has asked for updated hot issues. To get us started, I

have attached the original hot issues for the RA book. We need to submit our revised hot issues on Thursday, April 19.

Please review the attached file (USE TRACK CHANGES) and 1) delete resolved issues, 2) revise outdated issues and 3) add new issues. Please follow the existing format and do not use acronyms. Please make sure your write-up conveys the problem and next steps or deadline.

Please submit your division's response to Janie Acevedo in External Affairs and copy me.
